

# Conscious Intimacy Workshop

Jeddah, Saudi Arabia | March 13&14, 2020

Most of us have a deep yearning in our hearts to experience a deep, loving, close intimate relationship with a Beloved.

Some of us may already be living it. Some may come close. Many of us may be in a relationship, but far from its promise of love and ecstasy. Many of us are still striving to attract this in our life. Probably most of us are still learning how to have this intimacy with ourselves. Our intimacy may be yearning for more depth, aliveness and connection. We may be eager to have guidance in how to achieve this.

## What is Conscious Intimacy?

The Light and Adventure of Emotional Intimacy become a way of life and a committed practice, foremost for you and then with another.

It is where the foundations of Emotional Intimacy and the Healing Power of Physical Intimacy, lead you to meet in the Subtler and Sacred dimensions that your body and life energy can take you to, first with yourself and eventually with your partner. We explore what it means for Intimacy to take you to the Divine.
